

Shawn Mendes, Teach Me How To Love

Your bodies like an ocean
I'm devoted to explore you

What do you desire
I am inspired
I'll do it for you

Won't you draw a map for me
Laced with strawberries
And i'll get on my knees

Put mt hand around you
Teach me how to
Touch you tease
Caress you ans please you
Teach me how to love
Put mt hand around you
Teach me how to
Touch you tease
Caress you ans please you
Teach me how to love
Teach me how to love

Your imagination
Now i am fixed
And i am dying to learn
Every inch of you
There's sometjing new
Finding me up
I am what you deserve

Just draw a map for me
Laced woth strawberries
And i will get on my knees

Put mt hand around you
Teach me how to
Touch you tease
Caress you ans please you
Teach me how to love
Put mt hand around you
Teach me how to
Touch you tease
Caress you ans please you
Teach me how to love
