Shout Out Louds, 100 Degrees

Who's next? It's gonna be It's gonna be Trouble

And tonight I'm telling you honestly yes, Honestly.
By the time you get on the bus love is no more
And you'll turn your head away from everything you've loved before

I am always right yes, I am always right when I saw the reflection in the mirror I knew it would be tonight

And I'm so happy oh so happy then again I always am and I can't hide the tears in my eyes from the night we never had

And over the seas it's gotta be at least a hundred degrees and in my room its gotta be at least a thousand degrees and where am I? [woaho] I know it sounds stupid but it sounds about it and in my room its gotta be at least a hundred a hundred degrees

I know everything yes, I know everything when I saw you behind the corner you asked me Yes, I saw everything

And I'm so happy oh so happy then again I always am and I can't hide the tears in my eyes from the night we never had

And over the seas it's gotta be at least a hundred degrees and in my room its gotta be at least a thousand degrees and where am I? [woaho] I know it sounds stupid but it sounds about it and in my room [woaho] its gotta be at least a hundred a hundred degrees

And over the seas it's gotta be at least a hundred degrees and in my room its gotta be at least a thousand degrees and where am I? [woaho] I know it sounds stupid but it sounds about it and in my room [woaho] its gotta be at least a hundred a hundred degrees
