

# Sia, Eye to Eye

I see you dancing right in front of me  
I see you need some love tonight  
I know that others see you smiling  
But I see sadness in your eyes  
Let's see if tomorrow has a mystery  
Let's leave the past where it belongs  
Let's let the sorrow out and give it wings  
Let's watch it fly, let's give it love

I know you want to let it out, just get it out, start flying  
But baby if you push it down, you push it down it's like lying  
So baby got to feel it all, just let it go and start crying  
And baby I'll hold you, yes baby I'll hold you close

You need a little bit of love tonight  
And baby I got it  
You need a little bit of hope and I  
Baby I got you  
You need a little bit of eye to eye  
And baby I'm right here  
You need a little bit of love tonight  
A little bit of love tonight  
A little bit of eye to eye  
A little bit of love tonight  
A little bit of eye to eye  
A little bit of love tonight  
A little bit of eye to eye  
A little bit of love tonight  
A little bit of eye to eye  
A little bit of love to-

Fill up the emptiness inside of you  
The angels come to those who seek  
There's nothing now for you to do here  
The only action is to be

I know you want to let it out, just get it out, start flying  
But baby if you push it down, you push it down it's like lying  
So baby got to feel it all, just let it go and start crying  
And baby I'll hold you, yes baby I'll hold you close

You need a little bit of love tonight  
And baby I got it  
You need a little bit of hope and I  
Baby I got you  
You need a little bit of eye to eye  
And baby I'm right here  
You need a little bit of love tonight  
A little bit of love tonight  
A little bit of eye to eye  
A little bit of love tonight  
A little bit of eye to eye  
A little bit of love tonight  
A little bit of eye to eye  
A little bit of love tonight  
A little bit of eye to eye  
A little bit of love to-

Yes baby I'll hold you  
Yes baby I'll hold you  
Yes baby I'll hold you close (I need a little bit of love tonight)  
Yes baby I'll hold you  
Yes baby I'll hold you  
Yes baby I'll hold you close (I need a little bit of love tonight)

Yes baby I'll hold you  
Yes baby I'll hold you  
Yes baby I'll hold you close (I need a little bit of love tonight)  
Yes baby I'll hold you  
Yes baby I'll hold you  
Yes baby I'll hold you close (I need a little bit of love tonight)  
Need a little bit of love tonight  
Need a little bit of love tonight
