

# Sia, Free Me (starring Zoe Saldana & narrated by

I don't want to hold your gaze  
I'm scared what I might see there  
Found myself in this place  
And I'm a burning fire

Peace may come  
I hope it won't take long  
Just a faith I cannot see  
Bring me home  
I'm in there all along  
Just me and my melody

And free me /2x  
From this pain I've been running from  
I'm tired and I'm free falling  
And free me /2x  
From this pain I've been running from  
I'm lost and I'm calling you

I don't have a way back down  
Stepping even further  
Take my hand and turn me around  
I'm listening to myself

Peace may come  
I hope it won't take long  
Just a faith I cannot see  
Bring me home  
I'm in there all along  
Just me and my melody

And free me /2x  
From this pain I've been running from  
I'm tired and I'm free falling  
And free me /2x  
From this pain I've been running from  
I'm lost and I'm calling you

I'm calling you  
And though I can't undo  
All the things I put you through  
And I can't take your hand  
Lifted high above everything  
Only you

And free me /2x  
From this pain I've been running from  
I'm tired and I'm free falling  
And free me /2x  
From this pain I've been running from  
I'm lost and I'm calling you
