Sick Of It All, Leader

further. whatever gets me higher. whatever gets me richer. whatever gets me all of the power i need

clawing. pushing. ceating. stealing. using? it doesn't bother me see it. want it. grab it. hold it. never let go and it doesn't bother me

dirty fighting. openly lying. always conniving it doesn't bother me callous. brutal. barely human. cold and cruel and it doesn't bother me

i am your leader i am your leader i can't wipe the smile from my face because you trust me i can't wipe the smile from my face - i'm sure you envy your leader no mercy. no pity. no sympathy i've got what it takes

i've got your life and i've got your fuckin' money
