

SICKOTOY x Elvana Gjata x INNA, Papa

You saw me in a crowd
Like one, two, three was fallin'
And when you came around
I left it all behind, no runnin' back track

i never step back
i can;t take it down
i know it could back fire
round back
i never look back
i can;t take it down
cause i feel it in the air

tell me why he ran away, papa
like the sue he's gone for good
you tell e he was gonna play, ppa
and he shot me down
papa, and he shot me down
papa, and he shot me down

he shot me down
papa
papa,
papa, and he shot me down
