if there's life in the east
that's where I will go
born in the streets
I know where I'm from
if you're asking for me
you already know
turn up
where the vibes is
I call my home

the air that I breathe
is the same everywhere
so where's the party
we on the street
cause I'm gonna be there
the air that we breath
is the same everywhere

it ain't where I live
but wherever the good vibe is
it feels like home /6x
It ain't where I live
but wherever the good vibe is
it feels like home
it ain't where I live
but wherever the good vibe is
it feels like home
