

# Sigala, Give Me Your Love (ft. John Newman, Nil

(Your love, your love, love)  
(Your love, your love, love)  
(Your love, your love, love)  
(Your love, your love, love)  
(Your love, your love, love)  
(Your love, your love, love)  
(Your love, your love, love)  
(Your love, your love, love)  
I may be selfish but I'll take your pain  
When you get weak I'll make you strong again  
When all is lost, I will comfort you, mmm, mmm  
So give me your love, I need it  
Give me your heart, I'm bleeding  
Give me your love, I need it, oh yeah, oh yeah  
Give me your love, I need it  
Give me your heart, I'm bleeding  
Give me your love, I need it, uh, uh yeah

Why don't you give me your love?  
Your love, love, your love, your love  
Give me your love  
Your love, love, your love, your love  
Give me your love  
Your love, love, your love, your love  
Uh, uh, yeah  
Your love, love, your love  
Why don't you give me your love?  
Your love, your love, love  
Your love, your love, love  
Your love, your love, love  
Your love, your love, love  
Give me your love  
Your love, your love, love  
Your love, your love, love  
Your love, your love, love  
Your love, your love, love

I will be there every lonely night  
When you wake up, I'll be by your side  
I will always be there for you, mmm, mmm, oh yeah  
So give me your love, I need it  
Give me your heart, I'm bleeding  
Give me your love, I need it, oh yeah, oh yeah  
Give me your love, I need it  
Give me your heart, I'm bleeding  
Give me your love, I need it, uh, uh yeah  
Why don't you give me your love?  
Your love, love, your love, your love  
Give me your love  
Your love, love, your love, your love  
Give me your love  
Your love, love, your love, your love  
Uh, uh, yeah  
Your love, love, your love  
Why don't you give me your love?  
Your love, your love, love  
Your love, your love, love  
Your love, your love, love  
Your love, your love, love  
Give me your love  
Your love, your love, love  
Your love, your love, love

Your love, your love, love  
Your love, your love, love

You know all the other men baby  
They won't treat you like I could  
Stop your searching around  
I can't do this any more  
So give me your love, I need it  
Give me your heart, I'm bleeding  
Give me your love, I need it, oh yeah, oh yeah...  
Give me your love, I need it  
Give me your heart, I'm bleeding  
Give me your love, I need it, uh, uh yeah...  
Why don't you give me your love?  
Your love, your love, love  
Oh, you got to give me, give me more  
Your love, your love, love  
Your love, your love, love  
Your love, your love, love  
Give me your love  
Your love, your love, love  
Oh, you got to give me, give me more  
Your love, your love, love  
Your love, your love, love  
Your love, your love, love  
(Why don't you give me your love...?)
