

# Sinergy, Shadow Island

(&quot;Drakkar Anni&quot;:)  
We are servants of the night  
Stalkers, hunters, miscreants  
Creatures of a black domain  
Sleepless, sunless revenants

(&quot;Alan Morton&quot;:)  
I will defy the seperation  
Of darkness and light, this I swear  
Fuse them together, unite them as one  
Power is mine!

(&quot;Aline Cedrac&quot;:)  
Playing with fire, you're end up burning  
Consequence for your mistake

(&quot;Drakkar Anni&quot;:)  
We fear the day for the sun  
Await the dusk, sacrifice  
We roam the earth, take the flesh  
Dwelling among satan's lair

(&quot;Aline Cedrac&quot;:)  
When darkness falls  
They appear to blind eyes  
When the shadows wake, silence breaks  
We stand helpless

(&quot;Alan Morton&quot;:)  
Death! I have brought death to light  
Hell! Welcome to hell my dear

(&quot;Aline Cedrac&quot;:)  
Fall! Your fallen fall from grace  
Look what you've done

(&quot;Alan Morton&quot;:)  
Come! Join me in damnation

(&quot;Aline Cedrac&quot;:)  
No! I will not follow you!

(&quot;Alan Morton&quot;:)  
Night will overwhelm us

(&quot;Drakkar Anni&quot;:)  
Alone in the dark!

(&quot;Drakkar Anni&quot;:)  
We are servants of the night  
Stalkers, hunters, miscreants  
Creatures of a black domain  
Sleepless, sunless revenants

(&quot;Alan Morton&quot;:)  
I hold the key to all that is evil  
Crossing the gates into hell  
I'm the creator, I'm the enforcer  
You shall obey!

(&quot;Aline Cedrac&quot;:)  
When darkness falls  
They appear to blind eyes  
When the shadows wake, silence breaks

We stand helpless
