

Skinny, I WISH (feat. KASIA STANKIEWICZ)

I wish I could die in your arms once again
I've got your picture on my wall
I'll never forget you
I've got your picture in my heart
I'll never replace you
Not much left to say
Noone's made me feel this way
I just wanna say
I love you
I wish I could die in your arms once again
I've got your picture on my wall
I'll never forget you
I've got your picture in my heart
I'll never replace you
Not much left to say
Noone makes me feel this way
I just wanna say
I love you
I wish I could die in your arms once again
