

Sleigh Bells, Riot Rhythm

You've got a smart best friend, she's OK
Have you had a smile today
Push the door and take your seats
I've been seen playin' for keeps

Dear heart, don't stop fighting
Prepare, ride the lightning
It's like heart-heart-heartbeat
Just like banging rhythm

You've gotta march!
You've gotta march!

You've got a smart best friend and she's OK
Have you ever felt that way
Straight A kids like a treat
She stands up and takes the heat

Dear heart, don't stop fighting
Prepare, ride the lightning
It's like heart-heart-heartbeat
Just like banging rhythm

You've gotta march
You've gotta march
