

Slipknot, All Hope Is Gone

The State of the Nation, violation
A broken promise is as good as a lie
The Hell is humongous, the Devil's among us
And we will burn 'cause we won't unite.

What are we conceding for freedom?
Why does anybody think we need 'em?
I would rather fight than let another die
We're the Problem, but we're also the Solution...

All Hope Is Gone.

If you want it, come and Take-It-From-Me
If you think you can you Still-Don't-Know-Me
Let me tell you man I Said it I meant It
And I will always have the right to defend it.

50 seconds a hundred murders
The Bill of Rights is a bill of sale
What will you do when the war is over?
What will you do when your system fails?

We have made the present obsolete
What do you want? What do you need?
We'll find a way when all hope is gone.

We've seen the fall of the elite
Bury your life, take your disease
We'll end the world when all hope is gone.

We have made the present obsolete
What do you want? What do you need?
We'll find a way when all hope is gone.

We've seen the fall of the elite
Bury your life, take your disease
We'll end the world when all hope is gone.

The Wretched are the Wounded, the Hungry starve to death
In a place where no one goes, the air itself is a final breath
So discontinue the Antiseptic Care Charade
As the cry of justice comes, a malignant fire fades.

I am the Reason your Future suffers
I am the Hatred you won't embrace
I am the Worm of a pure gestation
I am the Remedy spit in my face.

All your laws and rules are outdated
All your subjects are killing the kings
I can rattle off a million other reasons why
But does it matter when the only thing we love will die?

We have made the present obsolete
What do you want? What do you need?
We'll find a way when all hope is gone.

We've seen the fall of the elite
Bury your life, take your disease
We'll end the world when all hope is gone.

We have made the present obsolete
What do you want? What do you need?
We'll find a way when all hope is gone.

We've seen the fall of the elite
Bury your life, take your disease
We'll end the world when all hope is gone.

When all hope is gone.
When all hope is gone.
When all hope is gone.
