

Slipknot, De Sade

Utwór 'De Sade' z albumu 'The End, So Far' Slipknot (premiera 30 września 2022r.).

I feel it now, a new restraint... a fool is only he who fools again
I needed all the pain you saved to wash across my face like Time began
Everybody lies when they say 'forever', no one else will understand
Pull the stitches tight until we sever- break me in your open hands

Please Forget Me Not... I Need Your Simple Pleasures To Be God
Please, My Sweet de Sade... Just Eat My Heart And Twist Me Into Knots

I know I never had a chance, I know I'm wretched and I stand
Seeking all the things you have, if I die with you it's worth the life
I was just a Nothing wanting something- only you will only do
Everything and more, it comes to nothing- if it doesn't come with you

Please Forget Me Not... I Need Your Simple Pleasures To Be God
Please, My Sweet de Sade... Just Eat My Heart And Twist Me Into Knots

Something Dominating Nothing
Nothing Animate Is Something Used
Fill Me- Wait a Minute- Kill Me
Feel Me- I Am In The Mood Abuse
Carve Carve Carve-I am Starve Starve Starved
For the Warmth of your Will
And the Edge of your Purest Thrill

De Sade...
