

Slipknot, Liberate

Liberate... my madness!
(One of me, all of you)
Liberate... my madness!
I just want to...
Liberate... my madness!
(One of me, all of you)
Liberate... my madness!
Section off myself,
Put a wall up, what the hell have I done?
Keep the dog at bay, survive by saving me!
Values and the game,
Not a fuck-up, not a part of your lie.
I am one, I am all - I'm above and beyond!
Back off of the shit,
Stand off or I'll spit.
So soft, you forget:
Your garbage in is garbage out.
You don't give a shit,
I won't play the fit;
Get off, get on this:
Your garbage in is garbage out.
(Liberate my madness)
Liberate... my madness!
(One of me, all of you)
Liberate... my madness!
I just want to...
Liberate... my madness!
(One of me, all of you)
Liberate... my madness!
I am not ashamed:
What is vital, isn't always humane.
You can break in vain,
But you can't break away!
Even in my face
Lotta bullshit, not alotta the truth.
I can't see from here,
But I can smell your fear!
Back off of the shit,
Stand off or I'll spit.
So soft, you forget:
Your garbage in is garbage out.
You don't give a shit,
I won't play the fit,
Get off, get on this,
Your garbage in is garbage out.
Saved - You're such a slave - I don't expect a name -
You don't care - I wasn't witness -
I can't be a part of a system such as this -
Heard eyes - glow right - in my - darkness - again -
With the sickness, renegade sisters, blisters
Salivate, litigate, liberate, madness, sadness
Fuck this - how long have I had this?
I don't need this - outta my BUSINESS!
Insert, engage, betrayed, my God - fraud
FRaud!
FRaud!
FRaud
Liberate... my madness!
Liberate... my madness!
I just want to...
Liberate... my madness!
Liberate... my madness!
