

Slipknot, SIC (live)

here it comes the pain
Enemy - Show me what you wanna be
I can handle anything
Even if I can't handle you
Readily - Either way it better be
Don't you fuckin' pity me
Get up, get off...
What the hell am I sayin'?
I don't know about malevolent
Sure as hell decadent
I want somebody to step up, step off
Walls! Let me fall! FUCK YOU ALL!
Get a grip, don't let me slip 'til I drop the ball
I - I want it all!
Fuck this shit, I'm sick of it
You're goin' down, this is a war!
Who the fuck am I to criticize your twisted
state of mind?
You're leavin' me suspect - I'm leavin' you grotesque
Feels like a burn from which you never learn
Cause and effect, you jealous ass
Press your face against the glass - SUFFER!
I - I want it all!
Fuck this shit, I'm sick of it
You're goin' down, this is a war!
I've just begun
It's about that time
Gotta get mine
YOU CAN'T KILL ME
CUZ I'M ALREADY
INSIDE YOU
SICK
