## Slipknot, The Virus Of Life

(Yeah)

I can see you but you can't see me I could touch you and you wouldn't even feel me Wait a second and you'll settle down I'm just waiting, 'til you really let your guard down You're relaxed, you're so blind, you're amazing You don't even know the danger you're facing If I'm quiet, I'll slide up behind you And if you hear me I'll enjoy trying to find you

I've been with you all day I'm trying to stay calm I'm impatient and it's really hard to breathe I'm going to empty you and fill you in with me

Just keep the violence down Not yet - don't make a sound Oh God I'm feeling it It's reaching fever pitch My skin is caving in My heart is driving out No mercy, no remorse Let nature take its course

Watching - Bring me to my knees waiting - I am your disease Lover - set my sympton free Covered - you won't feel a thing You can't stop me

(shh, wait, shh, no, wait, wait, no, shh, wait, wait, not yet, no, wait, wait)

I'm sweating through my veins I'm trying to hold on It's unbearable, it's almost worse for me I'm gonna to tear you apart and make you see MAKE YOU SEE!

Watching - Bring me to my knees waiting - I am your disease Lover - set my sympton free Covered - you won't feel a thing

This is the virus THE VIRUS OF LIFE It gets inside us The crisis, the knife This is the virus The virus of life This is inside us The crisis, the knife

It's almost time to play It's time to be afraid I can't control the pain I can't control in vain Oh God I'm ready now You're almost ready now I'm gonna raid it now I'm gonna break it down I see you in the dark I see you all the way I see you in the light I see you plain as day I wanna touch your face I wanna touch your soul I wanna wear your face I wanna burn your soul

Watching - Bring me to my knees waiting - I am your disease Lover - set my sympton free Covered - You can't love me

This is the virus, the virus of life This is the virus, the virus of life This is the virus, the virus of life This is the virus, the virus of life

THIS IS THE VIRUS, THE VIRUS OF LIFE! THIS IS THE VIRUS, THE VIRUS OF LIFE! THIS IS THE VIRUS, THE VIRUS OF LIFE! THIS IS THE VIRUS, THE VIRUS OF LIFE!
