

# Slipknot, This Cold Black

welcome out

Mother Nature is a coward "(Mother Nature is a Whore)"  
No More Presence, no More Power "(I pray for death by the hour)"  
Cut Another Smile into me "(Into ME is All You Are)"  
My Artifice won't recognize Me "(You won't find me)" anymore

Post-Traumatic War Machines  
The Pessimists still won't believe  
Throw away my past mistakes  
It's all I can to feel

Let my weapons be your CHILDREN  
Let my armies be your DAMNED  
Try to suffer on in silence  
TRY TO STOP ME IF YOU CAN

Pneumatic destroyer  
Pathetic seducer  
Distortion sufficient  
Someday, one day, we'll live our lives again

My Ghosts Have Found Their Way Back Home  
I have every right to kill my own "(I have every right to kill my own)"  
I am something now that never could exist  
My Anguish Conquers All/Pay The Price And Watch Me Fall  
My Only Key Is Broken- My Broken Key Is Only... ME

Pneumatic destroyer  
Pathetic seducer  
Distortion sufficient  
Someday, one day, we'll live our lives again

You utter waste of tired flesh  
It doesn't matter if you can't progress  
Even now they still create me  
Give me your ignorance/IRRITATE ME

I am made of the same debris  
You want it all but you didn't want me  
Hypocrite with no real use  
I'm alive. What's your excuse?

Pneumatic destroyer  
Pathetic seducer  
Distortion sufficient  
Someday, one day, we'll live our lives again

Pneumatic destroyer  
Pathetic seducer  
Distortion sufficient  
Someday, one day, we'll live our lives again

We'll live our lives again
