

# Sloan, Don't You Believe A Word

Don't you believe a word, yeah  
Don't you believe a word, yeah

Blue is the colour of baby's ride  
And I wish that it would take me away  
And if those black wheels are pointed uptown, baby  
I know what they're bound say  
C'mon girl

Don't you believe a word, yeah  
Don't you believe a word, yeah

She kept her head close to her heart  
Waiting for someone worth writing  
Everybody's read for the part  
She took centre stage and proclaimed,  
&quot;Can't you see that I've been lost so long&quot;

Pray for inspiration from guiding lights  
And name a new planet each day  
You said &quot;The only good thing about the weekend, baby,  
Is that Monday's two days away&quot;  
C'mon boy

Don't you believe a word, yeah  
Don't you believe a word, yeah

Can't you see that I've been lost so long

Don't you believe a word  
Don't you believe a word, yeah  
Well, I don't believe a word  
I don't believe a word  
I don't believe a word  
I don't believe a word  
I don't believe a word
