## Sloan, III Placed Trust

Everything you do I want to do too Every where you go I follow you When I'm on my own, I wonder where you are People tell me that I take it too far

III placed trust, promises rust III placed trust, ill placed trust III placed trust, buried in dust III placed trust, ill placed trust, yeah

Can you feel it All around you Paranoia That surrounds you

Ill placed trust, promises rust Ill placed trust, ill placed trust Ill placed trust, buried in dust Ill placed trust, ill placed trust, yeah

When I close my eyes, you're all that I see Burned into my mind, walking away from me Can you feel it, all around you The paranoia that's been brought on by the sad truth

III placed trust, promises rust III placed trust, ill placed trust III placed trust, buried in dust III placed trust, ill placed trust, yeah

Can you feel it I can feel it (III placed trust) Can you feel it (III placed trust) (III placed trust) I can feel it (III placed trust) (III placed trust) Can you feel it (III placed trust) (III placed trust) I can feel it (III placed trust) (III placed trust) Can you feel it (III placed trust) (III placed trust) I can feel it (III placed trust) (III placed trust) Can you feel it (III placed trust) (III placed trust) I can feel it (III placed trust) (III placed trust) Can you feel it (III placed trust)
