

# Sloan, Keep On Thinkin

I just wanna keep on thinkin' 'bout you (thinkin' 'bout you)  
'Cause the last time you told me was (what you told me to do)  
I wanna keep on thinkin' 'bout you (thinkin' 'bout you)  
'Cause the last time we talked I wasn't hearing you

All rights that you cannot buy away  
A lease that I want you to pay  
I knew all along  
I'd have to come through with what was going on

(Go ahead baby) Gonna have to tell you baby  
(Go ahead and tell me now) Gonna have to tell you, oooh  
(Go ahead and tell) Gonna have to tell you  
The reason that I want you to stay  
Is a reason you don't wanna know

The reason this rules by the way  
At least what I want you can pay  
And I knew all along  
I'd have to come through with what was goin' on  
Now that you're gone I can see

I just wanna keep on thinkin' 'bout you (thinkin' 'bout you)  
'Cause the last time you told me was (what you told me to do)  
I wanna keep on thinkin' 'bout you (thinkin' 'bout you)  
'Cause the last time we talked I wasn't hearing you

I knew all along  
I'd have to come through with what was goin on

(Go ahead baby) Gonna have to tell you baby  
(Go ahead and tell me now) Gonna have to tell you, oooh  
(Go ahead and tell) Gonna have to tell you  
The reason I don't want you to stay  
Is a reason even I don't know

I wanna keep on thinkin' 'bout you (thinkin' 'bout you)  
'Cause the last time you told me was (what you told me to do)  
I wanna keep on thinkin' 'bout you (thinkin' 'bout you)  
'Cause the last time we talked I wasn't hearing you
