Sloan, She Says What She Means

When in the world I'm gonna get it together I'm telling you girl I'm gonna make it all better

But I don't know how I'm going to 'Cause I don't know what she is going through What I know is that's even mean for me 'Cause she means what she says and she says what she means

What is the word It's like you don't even know me Haven't you heard This sort of thing is below me

But I don't know what I would stoop to Have you got another jump I could hoop through Now, I don't know if that's even meant for me 'Cause she means what she says and she says what she means

When she says that I'm mean, does she mean what she says?

And she says what she means, and she means what she says And she says what she means, and she means what she says

Maybe I don't stay in touch much 'Cause it makes me feel I'm goin' Dutch Oooo...

Maybe I'm the sort who's sordid Yeah, but I won't be extorted Oooo...

Whenever you want me, whenever you need me I know that you're angry, you know that I'm sorry Well this situation has come back to haunt me Whenever you need me, whenever you want me Whenever you want me, whenever you need me Whenever you want me, whenever you need me Whenever you want me
