

# Sloan, The Good In Everyone

First off  
Here's what you do to me  
You get rough  
Attack my self-esteem  
It's not much  
But it's the best I've got  
And I thought you saw  
The good in everyone

Ooh, the good in everyone  
You see the good in everyone  
You see the good in everyone

I close my eyes  
I can't give it up  
I close my mind  
I can't get enough  
I'm in no shape  
I gotta turn it off  
Just let it play  
The Good In Everyone

Ooh, the good in everyone  
You see the good in everyone  
You see the good in everyone  
You see the good in everyone  
Ooh, the good in everyone
