

Smoking Popes, Paul

With all the simple times behind me
I can fail without regret
If I have to try then I will never
Be able to forget
Bottoms down
And out of reasons to hang around

And when the sun is over Hong Kong
I can tell you where she'll be
Floating in a soft and lonely melody
Directly over me
Chocolate eyes at one time melting in mine
But not tonight

[Chorus]
She'll say I love you Paul
I love you Paul
I love you Paul
Hey, hey

And now everything is riding
On a bet that I can't win
If she's not the answer I've been looking for
I'll never ask again
Some say that the answer comes from within
Meanwhile

[Chorus]

Can you tell me where to find me?
Have you seen me hanging around?
I'm looking for myself each night till sunrise
The only thing I've found
Broken dreams and a heart that's stuck to the ground
And with a smile

[Chorus twice]
