

# Solstice, Not alone

Look at me  
And tell me what you want to see  
Am I not good enough?  
Am I worth anything?  
Just.  
Walk away  
Theres nothing you could ever say  
To mend this broken heart  
Just tell me Im good enough  
And Im not worthless  
Make me understand  
That I am not alone in here  
I am not alone, not alone  
You dont know  
The places that I will go  
Should I run away?  
Or am I able to stay?  
Just.  
Walk away  
Theres nothing you could ever say  
To mend this broken heart  
Just tell me Im good enough  
And Im not worthless  
Make me understand  
That I am not alone in here  
I have won  
I am not alone in here  
I am not alone, not alone  
Im not alone...  
Alone....  
Im not alone...  
Alone...
