

# Somersault, If You Dare

Dear Penny you seem like a girl of my dream  
Well adjusted fourteen wrapped herself in this gleam  
You're melting the snow - something covers your smile  
Come on and be daddy's girl for a little while

I know if you could see her  
Your eyes wouldn't die  
I know you can't see her

Refrain:  
If you dare to blame her  
Just beware what you say  
Don't you dare to look down on her  
You don't even know her name

Penny, can you feel the sun on your cheek  
beside or beneath, switch when you're getting weak  
You're tasting the rain on a summer night's fall  
When you're leaving your mates with nothing at all

I know you can't see her  
I know you can't feel her  
You don't know her name
