

# Sophie Szklarska, To me

I think we have to talk  
I think we have to say a word  
I don't feel I know you well enough  
To fight

To much time has past  
And I still don't have a clue  
Who's the one I'm not talking to  
Would you?

Do I know what to say?  
I don't wanna run away  
But I never can explain  
What is going through my brain  
My brain, my brain  
It's still so foreign  
Do you want me to explain  
What is going through my brain?  
I don't wanna run away  
But I don't know what to say  
My brain, my brain  
It's still so foreign...

We had no time at all  
To think about loosing control  
Why you always locking up the door?  
No more...

Do I know what to say?  
I don't wanna run away  
But I never can explain  
What is going through my brain  
My brain, my brain  
It's still so foreign  
Do you want me to explain  
What is going through my brain?  
I don't wanna run away  
But I don't know what to say  
My brain, my brain  
It's still so foreign...
