

# Stan Ridgway, Spy World

Spoken

Hello, hello, this is monkeywrench, come in,  
Calling money hutch headquarters.

Tell smoky grayhead the &laquo; bus stopper &raquo; is a guy.

Tell &laquo; mister magden &raquo; to check on the &laquo; chocolate (shotput? ).  
And I thought this was a glamorous job.

Well, there's that man who's got everything that he needs  
And when the world is falling in he'll never bleed  
He goes by jones in istanbul and smith in peru  
His job's never through

It's time to start this little game of cat and mouse

And try to keep one step aheadccthere's strangers in the house  
His watch is really a radio, his gun a pen  
He knows that it's all gone, no mom, nobody wins

Chorus:

Spy world x16

Spoken

Shaken, not stirred, okay?

I'm really tired of wearing these sunglasses.
