

# Static Major, Deeper

[Chorus:]

I love it when you push it back  
When I'm making love to you  
And baby when you bite your lip  
I Wanna go deeper, deeper, deeper  
Keep on pushing back(Keep on pushing back)  
Just keep on pushin back(just keep on pushing back)  
And I'll deeper for you babe  
Can I go deeper bay bay

[x2]

[Verse 1:]

Girl I love the way you read my mind  
The way you always know when I wanna grind  
Girl you know I always Satisfy on the first time  
Second and third time  
Girl your sweating just as hard and me  
Pumping as hard as me  
Want it as bad as me  
I'll make sure that you get yours before I get mine  
I'm in the mood tonight

[Chorus]

[Verse 2:]

Can I play it like a Submarine  
Or take it all the way down to the bottom  
I wanna see you shaking at the knees  
Hiding you face under the pillow  
Girl I see you ain't holding back and I ain't holding back  
Who needs tomorrow  
Cause tonight your getting all of me  
Make your body follow me like it's apart of me

[Chorus]
