

# Steve Aoki & Alan Walker, Are You Lonely (feat. ISAK)

i know that you're calling me  
to light up  
a leather shadow  
that follows you underneath  
i know that you're calling me

I don't want to play it safe  
because I don't contend like that  
just keep falling into me

I know i got your back

are you lonely  
are you lonely  
are you lonely  
I'll stand by you  
I'll stand by you  
are you lonely  
are you lonely  
are you lonely  
I'll stand by you  
I'll stand by you

never said it was easy  
never know what we'd do  
oh when these walls fall down  
I'll stand by you

watch u believe in  
I'll give it to you  
cause when these walls fall down  
I'll stand by you

are you lonely  
are you lonely  
are you lonely  
I'll stand by you  
I'll stand by you  
are you lonely  
are you lonely  
are you lonely  
I'll stand by you  
I'll stand by you
