## Steve Aoki, Darker Than Blood (feat. Linkin Park)

Don't you hold your breath Cause I'm not coming down The battlefields have left me only scars And floating in the dark I'm swimming in the sound Of voices that should never been apart

Darker than the blood Higher than the sun This is not the end You are not the only one

With venom on their tongues They paint it on the walls Where justice doesn't have the strength to hold The higher that they climb The harder they will fall And we will break their bones until they fall

Darker than the blood Higher than the sun This is not the end You are not the only one

Darker than the blood (Darker than the blood) Higher than the sun (Higher than the sun) This is not the end (This is not the end) You are not the only one (You are not the only one)

This is not the end (You are not the only one) You are not the only one (Higher than the sun) (This is not the end) This is not the end (You are not the only one) You are not the only one
