

Stevie Wonder, Tell Your Heart I Love You

You lift me to the sky
When I'm flat on the ground
You put me on a high
When I'm all the way down
And when trouble comes around
Trying to blow up the spot
You look it in the eye and say "I think not";
Tell your heart I love you
I love you, yes I do
Tell your heart I need you
You need to know its true
Don't nobody in the world love you like I do
You make me feel like a trillion bucks
When I don't even have a dime
You put a smile on my face
In a time I could be crying
And when negative comes around
With nothing good to say
You give it a stare that makes it get the hell away
Tell your heart I love you
I love you, yes I do
Tell your heart I need you
You need to know its true
Don't nobody in the world love you like I do
Long before my mind believed
My heart could not help but conceive
That I love you, yeah
And when my heart did suggest
My heart had already confessed
That I love you, love you, love you
Tell your heart I love you
I love you, yes I do
Tell your heart I need you
You need to know its true
Don't nobody in the world love you like I do x2
