## Stone Temple Pilots, Dancing Days

Dancing days are here again As the summer evenings grow I got my flower, I got my power I got a woman who knows You know it's all right I said it's all right I guess it's all in my heart You'll be my only, my one and only If that's the way it should start Crazy ways are evident In the way you're wearing your clothes Sippin' booze is precedent As the evening starts to glow I said it's all right You know it's all right I guess it's all in my heart You'll be my only, my one and only If that's the way it should start I told your mama I'd get you home But you didn't say I got no car I saw a lion, he was standing alone With a tadpole in a jar I know it's all right You said it's all right I guess it's all in my heart You'll be my only my one and only If that's the way it should start Dancing days are here again As the summer evenings grow You are my flower, you are my power You are my woman who knows You know it's all right I said it's all right I guess it's all in my heart You'll be my only, my one and only If that the way it should start
