

# Sum 41, Waiting On A Twist Of Fate

(Make No Mistakes)

Time is just a fuse

it's Burning fast, nothing lasts, every which way you lose

(What's to explain)

There's nothing left to say,

You're Living fast, fuck the past, looking like a heart attack

In life it seems

We fade away

I'm fully empty fueled with apathy

And now I'm done with lies

And everything that you've got to say

I've opened my mind

But it's more than I could ever take

And If I had more time

Well maybe I could find some faith

I can't spend my life

Just waiting on a twist of fate

In time why don't you look at what you've done

Lies cause I bet you think you've won

We live and die with

No explanations

What might have been's got you against the wall

And now I'm done with lies

And everything that you've got to say

I've opened my mind

But it's more than I could ever take

And If I had more time

Well maybe I could find some faith

I can't spend my life

Just waiting on a twist of fate

Done with lies and all that you got to say

Cause in my mind, it's more than I can take.

And now I'm done with lies

And everything that you've got to say

I've opened my mind

But it's more than I could ever take

And If I had more time

Well maybe I could find some faith

I can't spend my life

Just waiting on a twist of fate
