

# Summer Walker, Girls Need Love Remix (with Drake)

honestly  
honestly  
I'm tryna stay focused  
you must think I've got to be joking  
I don't think I can wait  
I just need it now  
better swing my way

I just need some dick  
I just need some love  
tired of fucking with these lame niggas baby  
I just need a thug

won't you be my plug eye  
you could be the on eaye  
start with a handshake baby  
imam need more than a hug
