

Super Furry Animals, Golden Retriever

Hey said the devil
When I met you at the roundabout
She's got powers
Magnetic devours you of everything you've got

She's a golden retriever
Retrieves your oldest coin
Leads you blindly down every dark alley
Then she'll bleed you dry

Stop! Said the puppy
When I met him at the zebra cross
She said "You need protection
From every direction
But she'll get you anyhow"

She's a golden retriever
Retrieves your oldest coin
Leads you blindly down every dark alley
Then she'll bleed you dry

She's a golden retriever
She's a golden retriever
Golden retriever
Golden retriever
Golden retriever
Golden retriever

Golden retriever
Golden retriever
