

# Super Furry Animals, Sex, War & Robots

Twenty Twenty Vision 2 see  
Said a little voice 2 me  
I can see

Tell me what was it like  
When U switched off the lights  
Went to bed before midnight  
Fail to find you at home that night

So finally  
Its got to be  
Down, down to me

Living 94  
When me and you were at war  
Iz born a baby that didnt cry  
Programme Robots 2 make them lie

Twenty twenty vision to see  
I can see

So finally  
Its got to be  
Down, down to me

If tears could kill  
Id be a long time gone
