

# Super Furry Animals, Shoot Doris Day

Shoot Doris Day  
Out of the way  
In the pouring rain

Sentimentality pause  
As Jimmy Stewart ignores  
Her question

People never stay the same  
It's a fight between the wild and tame  
I've some feelings that I can't get through  
Even to you my friend.  
Wasting away in vain  
Oh! Mercy

Victor Panache  
Lost his moustache  
In a P.R war

Public relationship tears  
No one would touch him  
For years

People Never stay the same?  
Rushing around in vain  
Don't tempt me.

People never stay the same  
It's a fight between the strong and lame  
I've some feelings that I cant get through  
I'll just binge on Crack and Tiramisou

Nothing ever stays the same  
Without to much fun and halibaloo

Animals don't stay the same  
Ive some feelings that I cant get through  
Without turning to a military coup
