

Super Furry Animals, Shoot Doris Day

Shoot Doris Day
Out of the way
In the pouring rain

Sentimentality pause
As Jimmy Stewart ignores
Her question

People never stay the same
It's a fight between the wild and tame
I've some feelings that I can't get through
Even to you my friend.
Wasting away in vain
Oh! Mercy

Victor Panache
Lost his moustache
In a P.R war

Public relationship tears
No one would touch him
For years

People Never stay the same?
Rushing around in vain
Don't tempt me.

People never stay the same
It's a fight between the strong and lame
I've some feelings that I cant get through
I'll just binge on Crack and Tiramisou

Nothing ever stays the same
Without to much fun and halibaloo

Animals don't stay the same
Ive some feelings that I cant get through
Without turning to a military coup
