

# Super Furry Animals, Something 4 The Weekend

First time, I did it for the hell of it  
Stuck it on the back of my tongue and then swallowed it  
Second time, things are getting easier  
Blow me down, this wind's getting breezier  
Third time lucky, maybe feeling fuzzy  
Oh my god, we're getting hippy dippy  
Five, six, seven, man I'm in heaven  
And I'm growing my beard before it gets sheared

You're on my mind every day and every night  
And you'll never go away cos I know you're here to stay  
For the rest of my mind  
On my mind every day and every night  
And you'll never go away cos I know you're here to stay  
For the rest of my mind

First time, I did it for the hell of it  
Stuck it right up and that was the end of it  
Second time, things are getting easier  
Hairs on the back of my neck are getting stickier  
Third time lucky, perversely body  
Doctor I'm ill, please pass me the brandy  
Five, six seven, I heard George Foreman say:  
"Stone horses loose, fast women frighten"

You're on my mind every day and every night  
And you'll never go away cos I know you're here to stay  
For the rest of my mind  
On my mind every day and every night  
And you'll never go away cos I know you're here to stay  
For the rest of my mind

I just keep repeating myself  
I just keep repeating myself  
I just keep repeating myself  
I just keep repeating myself  
I just keep repeating myself  
I just keep repeating myself

(Oh yeah, cos)  
You're on my mind every day and every night  
And you'll never go away cos I know you're here to stay  
For the rest of my mind  
On my mind every day and every night  
And you'll never go away cos I know you're here to stay  
For the rest of my mind...
