

# Superior, Stop

Lost independence lost in dependence lost

Was a time of pleasure  
Was a time of joy  
Life so great and love so big and true

Seemed to be so easy  
Seemed to be so clear  
You belonged to me and me to you

And the days went slowly  
But the days went by  
Suddenly a change out of the blue

And I lost control  
Playing a minor role  
The play was tailor-made for you

Such a common story  
Such a common tale  
Circumstances change and feelings too

And your feelings changed  
And you became estranged  
I became a plaything in your hands

Captured in my distress  
Longing for your caress  
But I don't get what I demand

Stop hurting my pride  
Playing games fucking up my mind  
Stop doing me wrong  
Can't you see I am not that strong  
Say is it a thrill  
Is it fun breaking up my will?  
Who gave you the right  
Who allowed you to take my light?

Now your time has come  
Now your will is done  
My will I had long since lost to you

Can't get away from you  
Can't stop needing you  
And there is nothing I can do

Stop hurting my pride  
Playing games fucking up my mind  
Stop playing with me  
Satisfying your vanity  
Say how do you dare  
Treating somebody so unfair?  
Stop taking my pride  
I just can't stand this hell inside
