

Surf Curse, Sugar

I look like shit but I feel even worse
In the tired times
When my body finally can get hurt

I look like hell cuz I'm going there first
My god you are such a looker
Tell me you love me and give me some sugar

I feel a sweet tooth in my mind
I hate the way it makes me feel sometimes
I'd cut it out but I'd just find
No one likes a ton of sugar
Tell me you love me and give me some sugar
