

Swae Lee, Someone Said

in my car sittin' upright
all my girls get some shine time
you lookin' just like my appetizer
I am dressin' fresh ut of advertisement
I hit the spot and go berserk

I am odd the drank and I am in there
she want a smooth, o am not a good kisser
and I got straight uncensored

I got it straight outta my system
I got it straight out my system
I got it straight out my system
Go get the hate out yo system
