

Sylvia Wysocka, Don't Call Me Up

When I'm underneath the bright lights
When I'm tryin' have a good time
'Cause I'm good now you ain't mine
Naw nah nah nah, don't call me up

When you're looking at my photos
And getting hot, losing control
You want me more now I let go
Naw nah nah nah

I'm over you and I don't need your lies no more
'Cause the truth is without you, boy, I'm stronger
And I know it's sad that I changed, have a cold heart
But it was your game that left scars, ooh
I'm over you

Don't call me up
I'm going out tonight
Feeling good now you're outta my life
Don't wanna talk about us
Gotta leave it behind
One drink and you're outta my mind

Naw nah, take it up
Baby, I'm on a high
You're alone, going out of your mind
But I'm here out in the club
And I don't wanna talk
So don't call me up

'Cause I'm here looking fine, babe
And I got eyes looking my way
And everybody's on my vibe, babe
Naw nah nah nah, don't call me up

My friends said you were a bad man
I should have listened to them back then
And now you're tryna hit me up again
Naw nah nah nah

I'm over you and I don't need your lies no more
'Cause the truth is without you, boy, I'm stronger
And I know it's sad that I changed, have a cold heart
But it was your game that left scars, ooh
I'm over you

Don't call me up
I'm going out tonight
Feeling good now you're outta my life
Don't wanna talk about us
Gotta leave it behind
One drink and you're outta my mind

Naw nah, take it up
Baby, I'm on a high
You're alone, going out of your mind
But I'm here out in the club
And I don't wanna talk
So don't call me up

Don't call me up
So don't call me up
Don't call me up

I'm over you and I don't need your lies no more
'Cause the truth is without you, boy, I'm stronger
And I know it's sad that I changed, have a cold heart
But it was your game that left scars, ooh
I'm over you

Don't call me up
I'm going out tonight
Feeling good now you're outta my life
Don't wanna talk about us
Gotta leave it behind
One drink and you're outta my mind

Naw, nah, take it up
Baby, I'm on a high
You're alone, going out of your mind
But I'm here out in the club
And I don't wanna talk
So don't call me up
