

# Tahiti 80, A Love From Outer Space

(originally performed by AR Kane)

She loves me she loves me she loves me  
A love from outer space  
She loves me she loves me she loves me  
A love from outer space  
She loves me she loves me she loves me  
A love from outer space  
A love from outer space  
It's true oh

I know where she's coming from  
Space is where we both belong  
Got to tell her in this song  
This time nothing can go wrong (X2)

Take a ticket to ride the space express  
Meet the girl in the starstruck dress  
She trusts me more than I can never guess  
I just couldn't wait for her caress  
She comes from the milky way  
She came to earth for my birthday  
We worked out hard to communicate  
She said I am not a fake

Shalalalalalala hoo (X4)

She loves me she loves me she loves me  
A love from outer space
