## Take 6, You Don't Have To Be Afraid

The situation gettin' rough
And you feel it's more than you can take
The good things in your life
And problems seem to outwheigh

When will you let go and understand That I've got the master plan You've gotta trust Me and just believe That I'm always holdin' your hand You don't have to be afraid

## **CHORUS:**

You don't have to be afraid Let My love show you the way (I'm right by your side) That's where I'll stay So you don't have to be afraid

Somebody said that problems come They only come to make you strong You see, I'm never far away And you know I'll never steer you wrong

When will you let go and understand That I've got the master plan You've gotta trust Me and just believe That I'm always holdin' your hand You don't have to be afraid

## **CHORUS**

My eye is on the sparrow And I'm always watchin' you I have so much more love to give And I'm gonna see you through Don't be afraid, yeah

**CHORUS**
