

Take That, Keep Your Head Up

Heavy
All uphill
Never easy
No standing still
All caught up
Being held back
Manifest your defence
And watch it pass

So keep your head up
Your wings wide
Find fire
That keeps your soul alive
So keep your head up
Your mind strong
Let go
Instead of holding on

So keep your head up
Your wings wide
Find fire
That keeps your soul alive
So keep your head up
Your mind strong
Let go
Instead of holding on
