Taken By Trees, Julia

Julia you're not the talking kind Julia I've been your kind I hope you know, hope you know, hope you know You can tell me all that's on your mind We rarely speak but I do think of you a lot They told me you were afraid of things Had to wear shoes inside dear Julia I heard you're fond of singing songs Doing it on you own sweet, sweet Julia Julia there is so much in your favour Take what's yours, take some more dear Julia Have I told you, Have I told you, Have I told you? I'm the one who would really understand Cause' I have been all the places you have been dear Julia They told me you were afraid of things Had to wear shoes inside dear Julia I heard you're fond of singing songs Doing it on you own sweet, sweet Julia They told me you were afraid of things Had to wear shoes inside dear Julia I heard you're fond of singing songs Doing it on you own sweet, sweet Julia
