

# Taylor Dayne, I'll Wait (E-Smoove Hot Mix)

I'll wait by the windows  
I'll wait by the door  
To make sure you don't come home after dark

Now, I'll wait by the phone  
I'll make sure I'm at home  
I'll be there when your needin' you know what  
Now I can tell you by the things you do  
You don't know that I've been watching you  
Now I don't understand your games or crazy plans  
I'm here for you baby stop playing with my mind

Well, I know what  
I feel inside  
I trust enough in what my heart tells me  
Haven't I been good?  
The way I should  
Just act like a man and stay here and stand by my side

Chorus:  
I'll wait just a little more time  
Just a little more time  
To move in a new direction  
I'll wait just a little more time  
Till you make up your mind  
You know that you needed me too

Why are you feeling so scared and unwilling?  
To be there when someone's there for you  
Why time has to be so unkind for no reason  
But love has no measure this is true

Well I know what  
I feel inside  
I trust enough  
In what my heart tells me  
Haven't I been good?  
The way I should  
I'm willing, I'm able  
I need you to give me a sign

Chorus

I'll wait  
Yes, I'll wait  
Just a little more time  
Baby, new directions  
I'll wait just a little more time  
Till you make up your mind  
I know that you needed me too

Baby haven't I been good to you?  
The way that I said I would be  
Why are you leaving me now?

Well I know what  
I feel inside  
I trust enough  
In what my heart's been telling me  
Haven't I been good?  
The way I should  
I'm willing I'm able  
I need you to give me a sign

Chorus
