

Team Dresch, Yes I Am Too But Who Am I Really?

Don't tell us we only care about the dykes and fags,
Don't try and find fake reasons to hate us
Some people get it, lots more people need it
Freedom is freedom,
it's for all or it's all for nothing
it's been hours it's on strike
I'll turn it around
i'm a contradiction
I don't want to be a man
you can be what you want with me
What you want it
what I want you to tell me to boss you around
I want to watch you lose control sometimes
I'm the Fonz mostly i'm a puppy you're sexy
boss me around please
I want you to
You can be what you want with me
What you want is
what I want you to tell me to boss you around
sitting in the back of the not room enough for me to turn around
and get the fuck away from their stupid interrogations it's been hours or 5 years no reunion that imp
hey you're sexy come here and boss me around
chain me to the bed now unchain me from the bed
it's what we choose to say, and how certain things are said
And what we choose to say, and how certain things are said
