

# Tears For Fears, Last Days On Earth

Tired of this elegant life  
With the best will in the world  
It's a thorn in your side

Dazed, not a little confused  
Let the patient do the work  
They got nothing to lose

I told you  
I'd hold you  
'til the last days on earth

Ties that are tested and tried  
Like the crushing of the waves  
We'll be lost in the tide

Talk away the pain for the very last time  
Like an echo in a cave  
Let it die in your mind

I told you  
I'd hold you  
'Til the last days on earth

If you should fall into these opened arms  
You would be blessed not just bemused  
Wake up their mind love is alonely world  
Where nothing on earth lies like a truth

Ties that are tested and tried  
Like the crushing of the waves  
We'll be lost in the tide

Talk away the pain for the very last time  
Like an echo in a cave  
Let it die in our mind

I told you  
I'd hold you  
'Til the last days on earth
